## ADMISSIONS POLICY

### 1.0 Introduction

1.1 Warwick Independent Schools Foundation (“the Foundation”) consists of two independent day Schools in Warwick:

- King’s High School for Girls – girls aged between 11 and 18 years, and Warwick Preparatory School – boys aged between 3 and 7 years and girls aged between 3 and 11 years,
- Warwick School, which includes Warwick Junior School – boys aged between 7 and 18 years. Warwick School also has a small boarding house.

1.2 The aims of this Policy are:

- i) To ensure compliance with the School’s charitable purposes.
- ii) To set selection criteria and procedures that are consistent with this charitable purpose and fair to applicants.
- iii) To identify applicants whose academic and other abilities appear to match the ethos and standards of the School, and whose personal qualities suggest they have the potential to contribute sufficiently to the School community and benefit from the many opportunities that are offered here

### 2.0 Equality, diversity and disability

2.1 All candidates for admission will be treated equally, irrespective of their, or their parents', race, sexual orientation, religion or belief, pregnancy or maternity, gender reassignment or any disability. Candidates will also be treated equally in respect of their parents' age, gender or marital or civil partnership status.

2.2 The School is inclusive and welcomes applicants with disabilities and special educational needs. It promotes a positive culture towards inclusion of disabled people and those with special educational needs. The School's facilities, physical and otherwise, for the disabled and those with special educational needs are limited, but it will do all that is reasonable to comply with its legal and moral responsibilities under Equality Legislation in order to accommodate the needs of applicants who have disabilities for which, with reasonable adjustments, the School can cater adequately.

2.3 If the applicant has any special educational needs, learning difficulties or a disability, parents or guardians must notify the School on the Registration Form, providing full written details, including a copy of all reports prepared by an Educational Psychologist

and/or other appropriate specialist where available. If the special educational needs, learning difficulties or disability become apparent after the Registration Form has been submitted, parents or guardians must notify the School by letter or e-mail addressed to the Head, again providing full written details as explained above. The School needs to be aware of any particular requirements which may affect a child's ability to participate in the admissions procedure and take full advantage of the education provided at the School.

2.4 The School shall determine the reasonable adjustments that are required for the applicant based on the information provided, in accordance with the School's obligations under equality legislation as explained above. The School staff will assess the child's needs and consult with parents about the adjustments which can reasonably be made to ensure that the application procedure is accessible for the child and that the School can provide adequately for them should an offer of a place be made.

2.5 This policy can be made available in large print or other accessible format, if required.

### **3.0 Entry Points**

3.1 For the purposes of entry, applicants' ages are calculated according to UK custom. In all but exceptional circumstances, the School applies the 1 September birthday watershed for determining the applicant's eligibility for entry. An applicant whose birthday falls after 1 September in the year of entry will need to demonstrate that he/she is of sufficient maturity to cope with the academic and social demands of the School.

3.2 In rare circumstances, such as when an applicant may have fallen behind in his/her education due to illness or time spent abroad the School may offer a place in a year lower than the applicant's age would normally imply. Likewise, in exceptional circumstances, the School may also offer an applicant a place in a year ahead of his/her chronological age group if it is deemed by the Head to be in the pupil's best interests so to do. Parents or guardians will be consulted before such an offer is made, but the decision as to the appropriate year for the applicant, taking into account all the relevant circumstances, is a matter for the Head, whose decision is final.

The Registration Fee is set as a payment towards the costs incurred by the School in administering the admissions process and is non-refundable irrespective of whether or not the registered child actually attends an assessment.
- 4.2 The completion and signing of a Registration Form does not guarantee admission by the Head nor does it in any way bind parents.
- 4.3 The Registration Form and Registration Fee must be received by the School by the closing date for the intended year of entry which is published in the Admissions area of the School website.

## 5.0 **Offers of Places**

- 5.1 Parents will receive a copy of the Warwick Independent Schools Foundation's Terms and Conditions with the offer letter together with any Conditions of Award of a scholarship or other awards if applicable.

Parents or guardians of prospective applicants are strongly advised to arrange a visit to the School for an Open Event or to have an individual tour and meeting with the Head, if possible with the prospective applicant, prior to applying for admission in order to assess the suitability of the School for the prospective applicant.

- 5.3 *Warwick Preparatory School only: Procedures following acceptance of a place*

- i) Once the Acceptance Form has been received together with the Acceptance Deposit, arrangements for the pupil's admission to the school are made. For most new pupils this will involve being invited to a session in June where classes for the following year meet their new teacher and classmates.

### 9.0 **Warwick School and King's High School only: Foundation Awards**

9.1 Financial assistance may be available (subject to applicants meeting set criteria) to enable talented pupils from households with low incomes to gain places at the School. There are two types of funds, Foundation Awards and Bursaries, which are both means-tested and may be up to the full value of the fees. They are usually awarded on entry to Year 7 and, thereafter, the application has to be resubmitted annually for review as a result of which, if necessary, the Foundation Award/Bursary may be adjusted accordingly.

9.2 A number of the Bursaries are reserved, by virtue of their provenance, for pupils living in Warwick (i.e, with a CV34 postcode). The remainder (Foundation Awards) are open to girls and boys from any area.

9.3 The application process for either type of financial assistance is the same. Parents wishing to apply for financial assistance should tick the relevant box on the Registration Form. They will then automatically be sent information from the Foundation Office.

9.4 In order for an applicant to be considered for a Foundation Award or Bursary, the pupil must first satisfy the usual entry criteria.

#### **10.0 Responsibility for Admissions**

10.1 The Heads of the schools are responsible for admissions and the operation of this Policy.

10.2 The selection criteria and admissions procedures are determined and reviewed from time to time by the Foundation Governors.

10.3 The admissions process is supervised by the Head. Those involved in assessment, selection and interviewing have received appropriate preparation and training.

10.4 Documents supporting each application for admission, together with assessment, selection and interview notes will be retained by the School for at least one year after the interview, whether or not the Applicant is offered a place.
